

## ***Pray for India***

Because one hungry child, is one too many.

Dear friend,

If you happened upon a lonely and hungry child in your local neighbourhood, one that was obviously malnourished, what would you do? You wouldn't hesitate to find some food and help for this little one. But in India, the problem isn't just one hungry child; it's multitudes of hungry children! Today, more than 50 million children in India, over half of the girls and boys, do not get enough nutritious food to eat every day.

It would be impossible for you and me to feed them if we relied on just our natural strengths and abilities. We would need a miracle, a divine intervention into the ordinary lives of people struggling to survive.

We need to pray for India, a nation that has more people living below the poverty line than any other country in the world today. We need to soften our hearts to the plight of citizens trapped in a cycle of poverty and desperation through a lack of education, social bias, and religious beliefs that discourage personal improvement.

We must pray and support the Christian minority of India. Our Christian brothers and sisters are facing an increasingly hostile population, who are inflicting vicious persecution against them. Christians want to share the good news, the Gospel, that God the Father loves them so much, that he sent his own son to die on the cross as the perfect sacrifice for their sins. And yet they are persecuted for sharing the truth that God's love can redeem any nation that turns to Him.

*We need to pray for a breakthrough in India.*

As we pray for India, we will continue to feed the hungry through our ministry partners, Madhava, Nirmala and their team from Mercy & Grace Ministries in Andhra Pradesh. We rely on your prayers for wisdom and favour as we build and expand our feeding projects to the Dalit Children in India. Hot and nutritious meals will be provided everyday to more and more children as part of our orphanage support program we call *EveryChild EveryDay*.

We can measure the value of feeding an Indian child every day, but how could we ever measure the value of sharing the gospel to each and every child? We appreciate your generous support, because your contributions have an eternal value. You empower our ministry partners to share the gospel by word and deed, but most of all we desire your prayers.

Please help us to bring Christ to a starving world.  
Because one hungry child, is one too many.

Voice for the Hungry,

Benjamin Evans  
Operations Manager  
FTH Australia & New Zealand

## HOW TO PRAY FOR INDIA

• A child is born every 2 seconds in India.

• India still has the world's largest number of poor people in a single country.

• Only 15 to 20 percent of Indian Children grow to their full potential.

• Only 2.3% of the population of India is Christian.

• More than half of India's children are malnourished.

• *Pray that God will help us continue to provide meals for children*

• *Pray that God will protect Christians from persecution in India, and that the Gospel might be freely shared.*

• *Pray that the Good News can bring an end to the bondage of poverty for multitudes across the country.*
